Baci® Perugina® Original Dark® is made with only 8 carefully selected ingredients. The hazelnuts, the protagonists of Baci®, are selected by the hands of the Perugina experts, who roast them to perfection in order to acquire all their fragrance and crispness. Some are used for the grains that harmonise with luscious cocoa to enrich the heart of the truffle and others deserve a place honour on top of the chocolate.

The Luisa® dark chocolate that covers the inner core is made in a traditional way, which gives it a superior finesse. It is the result of the mixture of different types of cocoa, grown and harvested in a sustainable way, including the precious Arriba cocoa.

The vanilla of Madagascar gives Baci® Perugina®'s scent those distinctive aromatic notes.

The natural vanilla aromas enhance the taste of the original flavour of the ingredients, making Baci® Perugina® an excellent product.

CODE	ITEM	PACK/SIZE
