

DISCOVER HOW GOOD KOMBUCHA CAN BE.

Each batch of Brew Dr. Kombucha we make is crafted from the **beginning**. We start with high-quality, loose leaf organic teas, and then blend in organic herbs, fruits, juices, or other botanicals to offer you raw, authentic kombucha at its tastiest. Cheers!

BREW DR
KOMBUCHA

RAW - REAL - REFRESHING

We make our kombucha the traditional way, allowing each batch to ferment for up to six weeks. Our delicious flavours come from the different teas we use, the organic herbs and botanicals we steep with the tea leaves, and the organic juices and purees that we add after fermentation to create flavours like Island Mango and Wildberry Ginger. We use only certified organic ingredients and will not compromise on quality or taste.
