Faxe Premium 0,0% is a test-winning great beer without alcohol. It has a full beer taste that is high drinkability. In order to create Premium 0.0% – alcohol-free beer that delivers, requires as process of slow de-alcoholisation of original pilsner using 40° C vacuum distillation, with natural aromatisation and CO2 adjustment.

Faxe Premium 0,0% is a light, golden lager colour with a firm, white head that has a fresher, cleaner taste, unlike most of the other non-alcoholic beers.
