Uncle Dougie started making 100% natural, gluten free, chemical-free, nothing artificial, good-and-good-for-you stuff before it was cool. He wanted delicious, wholesome stuff that he would feel good about serving to his family and friends. And that meant no high-fructose syrup or other "cheap shortcuts" as Dougie calls 'em.

And that's how Uncle Dougie's no-crap mission was born. Uncle Dougie's was founded in 1989 by Doug Tomek in a 100 year-old farmhouse in rural Palatine, Illinois.
